Sound

References Artists

Herb Alpert, James Last and Frank Valdor.

Brass

Heavy plate reverb, some compression and vintage treble roll-off.

Drums

Not too much bass on bass drum. Snappy snare and "jazzy" toms. Light reverb and some compression.

Organ

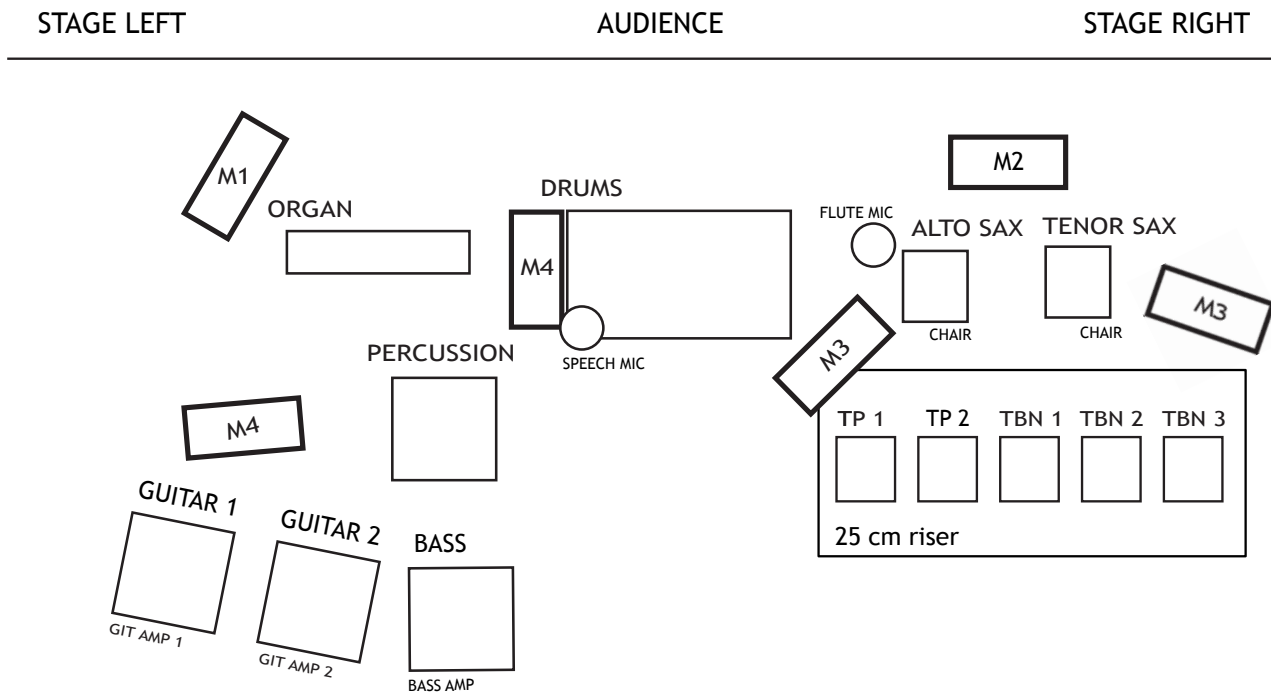

No reverb and no compression.

Master

Light master compression. We like the "bad" frequencies around 1k! No V-shape EQ!

Stage Plot

Please note: the drums are at the front of the stage! The band leader plays drums.
